

| Submitting Electronic Files

High-resolution Adobe Acrobat PDF files are the fastest and most efficient way to process your order. PDF (Portable Document Format) allows the creation of a viewable file that contains all document fonts (typefaces used within the document) and graphics at a resolution that is acceptable for printing. Depending on the Operating System (Mac or PC) you are using and the program (Quark, Word, etc...) your file was created in, follow the detailed instructions in our knowledge base to prepare and submit your files. If you choose not to submit in PDF file format, you may incur additional costs.
